版权

1.点击File->Project Structure或者快捷键 Ctrl+Alt+Shift+S

2.Project 将11 修改版本为1.8

Project name:

financial-media-cloud

Project SDK:

This SDK is default for all project modules.

A module specific SDK can be configured for each of the modules as required.

1.8 version 1.8.0_271

Edit

<No SDK>

1.8 version 1.8.0_271

for each of the modules as required.

1.8 (2) version 1.8.0_271

11 version 11.0.9

+ Add SDK

This path is used to store all project compilation results.

A directory corresponding to each module is created under this path.

This directory contains two subdirectories: Production and Test for production code and test sources, respectively.

A module specific compiler output path can be configured for each of the modules as required.
